

KHS Career Academies

Download an Application for Admission to either of the Knightdale High School Career Academies:
- KHS Career Academy Application

Knightdale High School offers two career academies:

The Academy of Applied Science Technology (AAST)

The Mission of the Academy of Applied Science Technology is to infuse students with an interest and a working model of the scientific method to help them navigate critical thinking in real world situations. Students may choose integrated course studies in Agricultural / Animal Science, Agricultural / Plant Science, Food Science or Pharmaceutical Technology.
- AAST Course Recommendations

The Business Information Systems Academy (BISA)

The Mission of the KHS Business Information Systems Academy is to provide focused preparation for a future career in the current dynamic job market. Students may choose integrated course studies in Business Administration and Finance, Information Systems or Marketing.
